Un design semplice e iconico, e un uso di materiali d'avanguardia, sono le principali caratteristiche che rendono il sistema BelNet innovativo e pragmatico. La scelta dell'utilizzo del laminato compatto in spessore 4mm come materiale per la realizzazione degli accessori, è frutto di una ricerca accurata che ha avuto come punto di arrivo la selezione di un materiale resistente all'acqua, al vapore, facile da pulire, ma anche ad alta igienicità e con buone proprietà antibatteriche e antigraffio, tutte caratteristiche che rendono questo materiale perfetto se utilizzato al contatto con il cibo.

L'alzata in appoggio non è altro che l'evoluzione del canale in appoggio sviluppato in altezza su due livelli di contenimento. Anche in questa situazione il fissaggio sul top avviene tramite lo speciale velcro che consente di poter rimuovere l'alzata in ogni momento, ma al contempo dona una stabilità perfetta quando fissata, senza necessità di lavorazioni sul top della cucina. Disponibile in tre lunghezze standard, si adatta perfettamente a tutti i tipi di cucina, sia nelle cucine a muro che nelle isole centro stanza. Equipaggiato con tutti gli accessori della linea BelNet 472, questo canale attrezzato è estremamente pratico e funzionale, portando carattere anche alle cucine più semplici.

Evolution of the Lay-on Back Section, the Lay-On Double Back Section finds more storage space on the kitchen counter by expanding vertically. Using the reusable fastener to be kept in place, but moved when needed, the Lay-On Double brings dynamism to the cooking area. Coming in three standard measures, and three standard colors this back section can satisfy every cook's need for tidiness and functionality. Equipped with our BelNet 472 inserts, extremely versatile and practical the Lay-On Double Back Section is the perfect tool to accessorize the kitchen with order and style.

LAY-ON DOUBLE BACK SECTION

Il fissaggio sul top avviene grazie ad uno speciale velcro che dà la possibilità di rimuoverlo ogni qualvolta ce ne sia il bisogno. Proprio questa caratteristica di fissaggio, che evita lavorazioni sul top della cucina, lo rende particolarmente semplice da installare anche su una cucina già esistente.

Thanks to the reusable fastener at the bottom, the Lay-On Double Back Section stays where your put it, but can be moved when and where you need it, without requiring any milling on the kitchen top.
